# SUBJECT INDEX TO VOLUME XIV

ABDOMEN, Treatment of gunshot wounds of the, 394
Abdominal wall, Tuberculoma and primary cold abscess of the, abs., 209
Abortion, Missed, and the etiology of the hæmorrhages accompanying this condition, abs., 111
Abscess, primary cold, of the abdominal wall, Tuberculoma and, abs., 209; Subphrenic, complicating appendicitis, 170
Acapnia and its relation to anæsthetic shock, 350
Adenomyomatous uterus removed during menstruation showing the occurrence of menstruation in the adenomatous islets, 389
Adhesions, peritoneal, Studies on, abs., 209
Adrenalin, Uncontrollable vomiting treated with, abs., 413
Alimentary canal, The sensibility of the, abs., 108
Anæsthesia, Nitrous oxide and oxygen, and a new apparatus, 195; A case of death under nitrous oxide-oxygen, 386; Death from nitrous oxide and oxygen, 388; in normal labor, abs., 413; ether, by mask, intrapharyngeal, intratracheal and intrabuccal methods, An apparatus for thoracic surgery under intratracheal insufflation or positive pressure; also for, 462
Anæsthetic shock, Acapnia and its relation to, 350
Anastomoses, vascular, Technique and remote results of, 246
Anastomosis, Arteriovenous, in the treatment of gangrene of the extremities, 1
Anterior heel, abs., 646
Anti-ferment treatment of purulent processes, The action of tryptic ferment solution on local surgical tuberculosis and, abs., 646
Appendicitis, Subphrenic abscess complicating, 170; Non-suppurative subphrenic peritonitis complicating, 231; Secondary parotitis following operations for, 469; trans., 517; Compiled report from the membership of the Chicago Surgical Society on certain questions relating to, 492; trans., 517.
Apoplexia uteri; A well marked case in a woman of fifty-four years, 368
Arteriovenous anastomosis in the treatment of gangrene of the extremities, 1
Arthritis, Atrophic, 161; trans., 207
Arthrodesis, abs., 411
Arthroplasty, Stereo-arthrolysis; A preliminary report and experimental study in, 327; trans., 407
Atrophic arthritis, 161; trans., 207
Atrophy, Fibrous, of the parotid gland, with especial reference to the treatment of salivary fistula, 456
Austria, Surgery of to-day in Germany, France and, corr., 294
Autolitic excision by a pentagonal compression suture. Its physiological, pathological and surgical significance. 558
Axis traction handle, New, 194

BILIARY passages, Some observations upon the surgery of the, 433; trans., 513
Bladder, urinary, Destruction of tumors of the, by a high-frequency current effect, known as desiccation, 315
Blood, in the stools, The significance of, 321; trans., 402; pressure, pulse rate, respiration, temperature, A study of the effect of constriction by Momburg's tube on, 119; supply of uterine myomata, 215; trans., 307
Boneplasty, abs., 411
Bone plates and screws, Vanadium steel, 629
Bones, long, Osteomyelitis of the, abs., 410
Brain tumor, My operative results in, abs., 310
Bronchoscopy, Esophagoscopy and, Reports of foreign bodies in the esophagus and bronchi operated by the Killian method, 66

CÆSAREAN section, 61; section, Concerning posterior cervical, abs., 112
Cancer, of the stomach; its surgical cure, 115; of the prostate, 260; Removal of sternum for, with suturing of the innominate vein, 619
Carbuncle of the upper lip, with special reference to prevention of cavernous sinus thrombosis, 156
Carcinoma, Diagnosis of, abs., 310; Colli uteri, Die erweiterte abdominal operation bei, abs., 412; gastric The distinguishing marks between gastric ulcer and, in the X-ray picture, abs., 646
Cardiac changes secondary to uterine myomata, 42; trans., 99
Cardiospasm, its general consideration, 286
Catheter, shadowgraph, The diagnostic value of the, 148
Cervical Cæsarean section, Concerning posterior, abs., 112
Cervix, Acute œdema of the, in pregnancy, 40
Chest, Treatment of stab wounds of the, abs., 523
Chicago, Gynecological Society, trans., 99, 102; Surgical Society, trans., 107, 304, 516.
Childhood, Injuries of the elbow in, studied in relation to the development of the joint, 91
Children and adults, Some difference between the surgery of, 353, trans., 405
Circumcision, A new method of, 189
Clinic, Report of a; being a report of certain cases with a discussion of technique, 391; Report of a, with discussion of technique, held during meeting of Clinical Congress of Surgeons of North America at Philadelphia, 505
Clinical Congress of Surgeons of North America, 213, 305, 397, 403, 416, 510, 526, 638, 648; surgery, Coordination of undergraduate and postgraduate teaching of, with a view to securing efficiency, 451
Cloaca, technique of cure, Persistent, 283
Codivilla's method of lengthening the lower extremity, 614
College of Physicians of Philadelphia, The Clinical Congress of Surgeons of North America and the, trans., 638
Colon, An improved method of fixation of, 192
Colors, natural, Stereoscopic photography with, 425

Hernia, large inguinal, A method of dealing with the sac in, 183; Richter's, 46; ventral, The prevention and treatment of, 175
High-frequency current effect, Destruction of tumors of urinary bladder by a, known as desiccation, 315
Hodgkin's disease and sarcoma of the cervical glands, 34
Hydronephrosis, intermittent, Early diagnosis of; with demonstration of ureteral obstruction, 137
Hypophysis, Modification of Schloffer's operation for tumors of the, abs., 310
Hysterectomies near the menopause, Conservation of sound ovaries and tubes in, except in malignant disease, 134

INCISION, The modified McBurney, 190
Infections of the hand, corr., 396
Inguinal hernias, large, Method of dealing with the sac in, 183
Innominate vein, Removal of sternum for cancer with suturing of, 619
Internal jugular vein, Excision of, for streptococcic thrombi of vein and cavernous sinus causing paralysis of orbital muscles, 86
International Congress of Surgery, third, Original report of, 95
Intestinal obstruction, Operative method in case of, 384; obstruction, Choice of technique in enterostomy incident to operations for, 495
Intracranial diseases, Relation between otitic and, 579; trans., 640
Intratracheal insufflation or positive pressure, An apparatus for thoracic surgery under, also for ether anæsthesia by mask, intrapharyngeal, intratracheal and intrabuccal methods, 462; insufflation of air and ether, Experiences in thoracic surgery under anæsthesia by the, abs., 645

JOINT tuberculosis, Results obtained from the use of tuberculin in, abs., 312
Joints, loose, Use of intra-articular silk ligament for fixation of, in the residual paralysis of anterior poliomyelitis, abs., 311
Jugular vein, internal, Excision of, for streptococcic thrombi of vein and cavernous sinus causing paralysis of orbital muscles, 86

KNIFE, Surgical, on the safety razor principle, 79

LABOR, normal, Anæsthesia in, abs., 413
Lane operation for chronic constipation, 158
Lateral curvature of the spine, Treatment of, abs., 311
Leucocyte count in acute surgical diseases, Value of, abs., 208
Lip, upper, Carbuncle of; with special reference to prevention of cavernous sinus thrombosis, 156

MANIA, suicidal, Gynecological lesions in relation to, abs., 110
McBurney incision, The modified, 190
Medical Societies of New York City, 649
Menopause, Conservation of sound ovaries and tubes in hysterectomies near the, except in malignant disease, 134
Menstruation, An adenomyomatous uterus removed during, showing the occurrence of menstruation in the adenomatous islets, 389
Mom burg's tube, Study of the effect of constriction by, on blood pressure, pulse rate, respiration and temperature, 119
Mueller's ducts, Umbilical tumors containing uterine mucosa or remnants of, 479
Myomata, uterine, Cardiac changes secondary to, 42; trans., 99; uterine, Blood supply of, 215; trans., 307

NERVE roots, posterior spinal, Division of the, for pain visceral crises and for spasm, abs., 108; roots, posterior spinal, Resection of the, in the treatment of gastric crises and spastic paralysis, abs., 109
New York, Surgeons — Historical, 527; City, The medical societies of, 649
Nitrous oxide and oxygen an æsthesia and a new apparatus, 195; oxygen anæst hesia, A case of death under, 386; and oxygen an æsthesia, Death from, 388
Nondescent of the testis and its rational replacement, 186

OBSTETRIC surgery at the Preston Retreat, 49
Obstetrical Society of Philadelphia and Clinical Congress of Surgeons of North America, trans., 305
Obstruction, intestinal, Operative method in case of, 384; intestinal, Choice of technique in enterostomy incident to operations for, 495
Orbital muscles, Excision of internal jugular vein for streptococcic thrombi of vein and cavernous sinus causing paralysis of, 86
Osteomyelitis of the long bones, abs., 410
Otitic and intracranial diseases, Relation between 579; trans., 640
Ovaries, sound, and tubes, Conservation of, in hysterectomies near the menopause, except in malignant disease, 134; Ultimate results of conservative surgery of the, 255; trans., 306
Ovary, Origin of epithelial new growths of the, 584
Oxygen anæsthesia, Nitrous oxide and, and a new apparatus, 195; nitrous oxide anæsthesia, Case of death under, 386; anæsthesia, Death from nitrous oxide and, 388

PANCREAS, Surgical diseases of the, 426; trans., 510; Considerations relating to the pathogenesis and diagnosis of surgical diseases of the, abs., 524
Paralytic outward rotation of the foot, Treatment of, abs., 411
Parotid gland, Fibrous atrophy of the, with especial reference to the treatment of salivary fistula, 456
